

Sharps® Dental Amalgam Recycling System

Complete recycling solutions for select dental materials

- ◆ Contact and non-contact amalgam
- ◆ Empty amalgam capsules
- ◆ Dental chair-side traps
- ◆ X-ray fixer
- ◆ Lead foil
- ◆ Bone or teeth with amalgam fillings

Safe, simple, and in compliance

Sharps® Dental Amalgam Recycling System is a complete solution for safe storage, convenient shipping, and proper recycling of dental amalgam and other dental materials in need of special handling in order to protect the environment.

Simple ordering and generator's proof of recycling

Simply order your system by calling 800-772-5657. You may access RecycleTracer®, Sharps® web-based documentation service at www.sharpsinc.com/recycletracer to view and/or print your "Proof of Recycling" document within 30-45 days after returning your Amalgam Recycling System.
