

# Reduced Dues Program

## for Recent Dental School Graduates

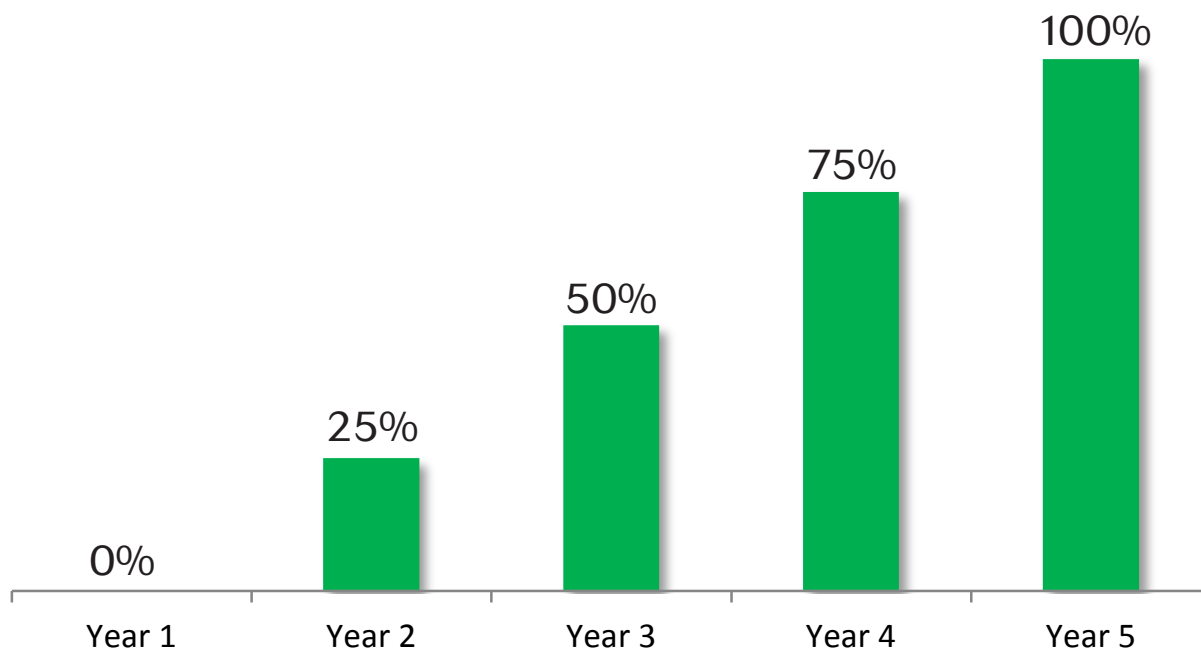

OHIO DENTAL ASSOCIATION  
*Informing - Representing - Serving*

You've completed dental school — congratulations! Now is the best time to become a dentist member of the American Dental Association, Ohio Dental Association and a local dental society. The first year after graduating dental school your membership dues are \$0 at the national and state level and many local dental societies also offer reduced dues.

### How it works:

Through the Reduced Dues Program, you receive discounts on the membership dues your first four years in practice. The below graph shows what percentage of membership dues you pay each year through the Reduced Dues Program.

### Are you in a graduate or advanced dental education training program?

Join the ODA for FREE! Graduate students are eligible for free membership with the ADA, ODA and a local dental society in 2019.

For more information on ADA, ODA and local dental society dues, contact the ODA Membership Department at (800) 282-1526 or [membership@oda.org](mailto:membership@oda.org).
