

Communication Guidelines for your Cintas National Program

The Cintas team is here for you to provide quick and efficient support for all of your national program needs. The following communication steps will ensure that requests and issues are handled to your satisfaction:

First, talk with the Cintas driver that services your branch each week.

For additional customer support, contact your local **Cintas Service Manager, General Manager, or myCintas.com**

If further assistance is required, please contact the Cintas National Service Team at **800.795.7368** or **NationalServiceTeam@cintas.com**. This group serves as a contact for issues unresolved with your local branch. If this is a Fire Protection related issue, please contact **866.246.8273**.
